## Sampling a craft, helping a charity

Members of the local philanthropy 'Hops for Humanity' gathered recently to sample the craft beer and pick a charity for this quarter. The craft beer enthusiasts chose the charity "Let It Be Us," a small group working to place children with adoptive families, as this month's recipients. Spearheaded by Elmhurst residents Pat and Julie Miller Sheehan, Hops for Humanity provides a way for individuals to contribute \$100 toward a cause, chosen by a group vote from among three nominees, and leverage that donation into \$10,000 or more.
